

COOL PIC!

I am the granddaughter, daugh-

ter and wife of gun dog guys—guys who each have a different breed of dog and, needless to say, have some friendly arguments sometimes. My husband has a Deutsch Kurzhaar named Dell.

I took the attached picture of Dell while he was doing some retrieving work in a pond. It was a perfect 75-degree day with blue skies. I know my husband is pretty proud of his dog and he'd love to see him in your magazine....and he'd have something to give his father-in-law, the Drahthaar man, some grief about!
